

Jarboe's

Plumbing, Heating, Cooling & Electrical

“Servicing Oldham County and Greater Louisville”

OUR MISSION is to provide our customers with the satisfaction of knowing the job will be done correctly with quality service at a competitive price that is 100% guaranteed.

OUR HISTORY: My wife and I started our business in Oldham County over 22 years ago by working from our home and making service calls from a Volkswagen Bug. We've grown from the VW Bug to a fleet of 15 trucks providing licensed and certified service to our customers. The shop moved to a larger building in Buckner in 1986. Our facility today is fully stocked and ready for any repair that might arise.

OUR SERVICE GUARANTEE: Our fleet of service trucks are dispatched for same-day service, providing 24 Hour Emergency Service / 365 days a year. We are proud of our steady, controlled growth and are committed to our guarantee of 100% satisfaction to all our customers.
